GLENARM POWER PLANT PROPOSAL // DIPPING BIRD ROSE PAVILION

GLASS // RESIN // WOOD // CEMENT // TILE // ASTROTURF
MARCH 2017

FRONT VIEW

This design features a 16' - 18' 'Dippy Bird' sculpture, that will dip into a rose fountain.

The parabolic wall, will be covered in an optical illusion, created from locally sourced ceramic tile.

The lawn will be astroturf, to prevent a need for extensive maintenance.

The rose garden will feature roses, painted by local artists.

Behind the wall is an open, community theatre space.
